

April 27, 2007

Dear Colleague:

Please consider this an official letter of invitation to the Slice of Life Workshop to be held at the University of Utah, Salt Lake City, Utah, USA, June 26-30, 2007. This is the 19th annual conference, and we hope you will find the people you meet, projects you see and ideas you share rewarding and stimulating. This year with the meeting is sponsored by the Spencer S. Eccles Health Sciences Library of the University of Utah, The Health Education Asset Library (HEAL), and the Slice of Life Development Fund.

This is an academic and not a commercial meeting, but all interested individuals are welcome. Participants include software developers and evaluators, course masters, resource and IT administrators, informaticians, curriculum chairs, deans, librarians and both MD and PhD faculty teachers and users of technology.

The meeting program in Utah this year promises to be very diverse. The preliminary program and logistics can be viewed on the Internet at <http://slice.utah.edu/>. The full program will not be posted until March.

Should you, your Chairman, Dean, Administration, Embassy or Consulate need more information about the meeting, please contact me directly. "Slice of Life" is the name of the meeting. The University of Utah is the host site.

Most sincerely,

Suzanne S. Stensaas, Ph.D.
Conference Organizer and Chair of the Program Committee
Professor of Neurobiology and Anatomy
University of Utah, School of Medicine
and Eccles Health Sciences Library
